

Mafuna Maxi, 9
(*Maw foo' nah Mahk' see*)

Birthday: October 13, 1997

Favorite color: Green

Hobby: Swimming and Dolls

Wants to be: Nurse

Mafuna has one sister and four brothers, and she and her brother Roger Maxi have been at the orphanage since it opened in July 2005. Her father was murdered; her mother had six children and was too poor to feed or provide school for them.

Mafuna is a very beautiful and bright little girl with striking features who loves to play mother to Baby July. She likes to go to school and church, and loves to sing hymns. She enjoys playing with dolls and sometimes talks too much (remember, she's a little woman).

She likes to work and helps in preparing the meals, doing the laundry and ironing clothes. (The orphanage iron is not electric and is heated with charcoal which is placed inside the iron). Mafuna has a good sense of humor and is always willing to help.
