

Rodlin Pierre, 8
(Wod' len P' err')

Birthday: June 13, 1999

Favorite color: Red

Hobby: School

Wants to be: Cook

Rodlin and his brother Stevenson came to the orphanage in June 2006. He also has three sisters. Their mother died three years ago, and the father had no one to watch them while he worked, so he bought them a patty to eat for breakfast each day and left them roaming around in their neighborhood. Rodlin was severely malnourished when he came to the orphanage, but he is gaining weight and also responding well to the discipline. Because he and Rodlin were allowed to roam the neighborhood while their father worked, it was a challenge for him to adapt to structure, but he is progressing well.

Rodlin loves the orphanage because he said he gets good food, rice and salad. He loves going to school for the first time, learning English, and going to church. He appreciates having a bed to sleep on instead of the ground. He loves to go to Kaliko Beach and Souzabeth.
