Widlyne is an adorable little girl who has one sister and was abandoned by her father. Her mother had no money to feed her and did not even want her. Widlyne was not happy when she first came to the orphanage because she didn't know anyone, but now she is happy and likes her new family. She loves going to school and enjoys playing with the other children.

She likes when we go to Kaliko Beach and Souzabeth. She eats a lot of food for a little girl and loves chicken, rice, corn, watermelon and Mommy Lynda's banana pudding.
