

Wilner Saintil, 10
(Will' nur San till')

Birthday: November 24, 1996

Favorite color: Green

Hobby: Basketball

Wants to be: Doctor to help save people

Wilner and his brother Ylema came to the orphanage in February 2006. He has three sisters and four brothers. His mother is dead and his father did not have enough money to take care of them and feed them. Wilner is always happy and enjoys going to school for the first time. He is learning to read and write and is very proud of that. He is very courteous and always ready to help out. Wilner always wears a smile.

Wilner likes getting clothes, going to Kaliko Beach, eating chicken, and appreciates Mommy Lynda loving and helping him. He loves going to church and had ever been before coming to the orphanage. He appreciates getting to eat three times a day (ate only once at 4 pm before he came to orphanage and it was always either rice or potatoes, nothing else). Wilner is grateful for having a bed to sleep in because he had to sleep on the floor at home.
